

LIVINGSTON.

Mr. W. H. Brown, of Mt. Vernon, was in our town Tuesday. While here he purchased a lot of goods. He said he could get them cheaper here than he could to order them. Don't you see we are coming to the front. Oh, you Mt. Vernon. — Mr. J. E. Woodall, of London, was in our city Tuesday. Ed sure is a hustler when it comes to selling goods. — Walter Browning is visiting at Crab Orchard this week. — Mrs. R. A. Whitehead left Tuesday to join her husband in Tennessee. Mr. Whitehead has a position with Mr. W. J. Sparks at that place. — The invoice of the stock of goods sold to J. A. Oliver by Dr. R. G. Webb was \$991.12. Oliver has retained Mr. E. N. Riggs as clerk. — Judge Chenail of Richmond is in our town. The judge owns a lot of coal land south of here, and there may be something in the wind. — R. B. Sams was in Richmond, Saturday, on business. — Born to the wife of T. C. Welch on the third, a fine boy. — Mrs. Andrew Inabnick, of Pulaski county, is visiting her mother, Mrs. J. H. Owens. — Mrs. E. C. Grottenhauer was called home to Gethsemane on account of sickness. — Uncle George Pope who has been sick so long is in a very feeble condition. — Frank Dees, the traveling salesman, was in our town Saturday. — C. J. Rice was in Paris on business Monday. — A man by the name of Moses, of Leslie county, has rented a farm of H. Witt, near Pine Hill and is moving there this week.

C. H. Rice the cross tie dealer was in East Bernstadt Monday. — Marshal Pennington arrested John Renter charged with giving a man a drink of whiskey. He was tried in Judge Calloway's court and fined \$50. Boys we have warned you and now we will repeat it again, the town officials are certainly camping on our train and they intend to put this bug juice out

of business. It is surprising what a quiet town we have now. Not a pistol shot is to be heard, no fights are taken place and if a man gets drunk Marshal Pennington will see that he has the proper lodging. We believe if a man should come here now that was here ten years ago, his first question would be where is the funeral. — Dr. Cook a few years ago discovered the North pole and recently Capt. Roald Amundsen reached the South pole and set up the flag of his country among the ice capped peaks of that frozen land; the Kentucky Legislature legislated Rockcastle county out of the Eighth and placed us in the Eleventh; the wireless system of telegraphy is a success and air ships are flying between Heaven and earth what will be the next? Let's wait and see. — Well, Griffin's Mill correspondent, or in other words, J. B. Cummins, Sir, the time has been when we were school boys together that we could stand and spell for hours at a time when the blue back spelling book was supreme when a man who had mastered old blue was considered to have a splendid English Education. But along came the American Book Co. and put old blue back out of business.

Messrs Robert and Milt Taylor, of Mt. Vernon are visiting their brother, App Taylor, they were accompanied by Geo. Rickett, of Andrew Ind., — Tobe Lair, of Mt. Vernon, has been visiting W. M. Hicks, Mr. Lair said he went with Hicks to feed his stock at night and he was feeding 8 head of horses, 6 head of cattle and a lot of hogs and only feeds once a day. He said Mart gathered up an arm full of straw and divided it among the lot and Hicks asked Lair to send him one dozen pairs of green goggles, he wanted to turn his stock on the range and they would eat enough to do them a day before they found out the

difference. — Mr. and Mrs. W. M. Quinn, of Tampa Florida, are visiting Mr. and Mrs. D. C. Alcorn. — Mr. W. H. Cottengim received a message that his mother was very sick, at Red Hill. — Mrs. Alex Wells, of Spiro and Mrs. Leonard Ireston, of Broadhead, are visiting Mrs. J. H. Owens and will go to Cincinnati, Ohio, in a few days to make that city their future home. — Miss Elizabeth Gentry who is attending school at Mt. Vernon was here between trains Friday enroute home from Richmond where she has been visiting relatives. — Mrs. Giles Whiteaker and daughter, Miss Sallie, passed through here Saturday enroute to Mareburg. — Miss Nettie Rice has returned from Stanford where she has been visiting relatives for the past week. — Marshal Pennington arrested Jim Delph here Saturday and turned him over to Cam Mullins who took him to Mt. Vernon Saturday he escaped from the reform school some time ago. — Mrs. Uriah Adams and children are visiting relatives at Pine Hill. — Mrs. J. L. Davis, of Covington, is visiting her sister, Mrs. E. L. Cockrell, at this place. — F. L. Thompson, the hystling Mt. Vernon salesman was with our merchants Friday. — J. A. Oliver has purchased the stock of goods from Dr. R. G. Webb. — Dr. D. B. Southard, of Mt. Vernon, was here between trains Friday. — The Holy Rollers returned to our town Sunday and began another meeting. — Miss Letha Mullins who has been sick for some time is slowly improving. — W. M. Poynter has built an addition to his house, on Walnut street. — J. A. Oliver and little daughter, Rissie, were in Mt. Vernon Saturday. — Master Earl Rice was at home from Williamsburg school Sunday. — Bajtiks are getting at a fever heat down here in the Eleventh. Our friends; the enemy, the Republican party, are in the middle of a bad fix.

A year ago all were Taft men, now they are the worst divided set you ever saw since Col. Tenny came back from his lion hunt and is a candidate there is somewhat of a change. Teddy has had two terms and should be enough. The greatest and first president served two terms and was offered the third and refused and we know he was right. But the Democrats will have quite a little contest on their hands this spring, there is the silver tongued orator, W. J. Bryan, whom we have voted for three times for and who we would like to see elected to the highest office in the gift of the people. And there is Judson Harmon of Ohio, Woodrow Wilson Marshal and last but not least, Champ Clark one of the greatest men that was ever in Washington, D. C.

Stat of Ohio, City of Toledo Lucas County, I, Frank J. Cheney, make oath that he is senior partner of the firm of F. J. BROADHEAD.

D. D. Halcomb, of near this place, died Tuesday night. — Ray Clark, son of John M. Crawford, is very sick with pneumonia. — I. W. Adkins, of Green county, has moved to one of R. S. Martin's horses on corner of Academy and Water streets. — Mr. and Mrs. Hale Christie have gone to house-keeping in a house owned by T. S. Frith, on South Main street, opposite the Christian Church. — Mrs. John E. Evans has moved in the house with her father, the Rev. A. J. Pike. John E. Evans has a position with Colgate & Co., and on account of his territory being in Tennessee, will not be home very often. — Uncle John Flynn, who has been confined to his room for the past three weeks, is out again. There is no one our people miss more than Uncle John, and we are glad to know that he will soon be able to resume his duties. — Henry Likins, of Careyville, was with his brother Prof. T. H. Likins the latter part of last week. — Miss Nannie McWhorter spent Saturday and Sunday with home folks in Berea. — Mr. and Mrs. Francis Bordes of the Copper Creek section were with Mrs. Bordes' parents, Mr. and Mrs. John Craig, of the Quail section, Saturday and Sunday. — Miss Julia Sams, who is attending school at this place, was at home Saturday and Sunday. — Charles (handler) was with home folks in Bromo, Saturday and Sunday. — Misses Susie Cable and Leila Albright were in Mt. Vernon, Sunday. — Mr. and Mrs. Willie Martin of Lynchburg, Va., were the guests of R. S. Martin and family, Sunday and Monday. — Albright Bros. were here this week looking out a location for a roller mill. Prom what we can learn no deal so far has been made, but it is a sure go, if a suitable location can be found, which is no trouble. Now, let's get busy and assist in this matter, for that is one enterprise that we can afford to push. The town will charge no taxes for a period of five years, so let's get Albright Bros. to add to their roller mill an ice plant and electric light plant, then our town will be second to none of its size. — Miss Recca Brooks has attended the Christian Church Sunday School every Sunday for the past three years. This ought to inspire others to attend more, for it requires no more effort of one than another. Miss Recca has not only been present but her teacher informs us that she always has good lessons. — On last Wednesday night the town board passed an ordinance, that about one and half miles of concrete walks must be completed by not later than August the first of this year. A number of citizens, who are effected by this order were present, and all given an opportunity to express themselves for or against, and we are proud to say that not a man opposed it, and from what we have been able to hear, the order has met the approval of every taxpayer in the town. While all the taxpayers in the town do not get walks, they are satisfied with the knowledge that their neighbors are benefited, and more than this, that in the near future, an order will be made to reach their property. The town board proposes to furnish an amount equal to the cost of the cement and sand from the general fund. And while the fellow who don't get the walk is helping the fellow who does, everybody seems to be willing to do all in his power for the welfare of his town, rather than trying to undo what has been done, in order to satisfy his own selfish desire. "United we stand, divided we fall" is our motto. — Attorney and Mrs. E. R. Gentry were down from Mt. Vernon a few hours Wednesday. — Mrs. J. F. Watson and Master Dora Reynolds are spending a few days with relatives in Garrard county this week. — George S. Durham is with his brother, F. L. Durham, in Mt. Vernon, during the absence of his mother, who is with her daughter, Mrs. Dr. Wesley, in Liberty.

March has arrived and brought the next largest snow we had this winter. Most all the old people say this has been the coldest and more snows this winter than has been in 40 years. — J. M. Smith had a public sale Friday. Everything brought a fair price. Corn averaged 75c per bushel, bacon 9 3/4 cts; two, one and two year old calves brought \$30.50; cow and calf \$27.00; house hold goods in proportion. Mr. Smith is making arrangements to go to the West. — Born to the wife of Johnny Mink a girl. Both mother and child are doing well. — Egell Renner and Crawford Paris will soon make their departure for Boville, Idaho. — A. W. Norton, of East Fork, was in this part a few days ago buying seed oats. He left with six gallons of oats. — The little daughter of Mrs. Martha Renner has whooping cough. — Mount Rice has just arrived from Boville, Idaho. He says the snow was 7 ft. deep when he left there two weeks ago. — James Hall, of Clarfield Tenn., has moved his family in the house with his father-in-law, John Hibbard. — Eli Ping, of Corbin is visiting friends of this section. — Tom Mize's wife departed this life last Monday evening. Her remains were laid to rest in the Mize burying ground. She leaves a husband and one child. — Bro. J. M. Finley filled his regular appointment at pleasant valley church Saturday and Sunday. Owing to the congregation and the booze with the young boys the behavior was bad.

The Kentucky Educational Association will meet in Louisville on June 25, 26 and 27. With the educational interest of the State at high water mark already, and with Louisville spreading herself to the utmost to make this meeting a great success, there is no reason why this session of the Association should not have the largest attendance in the history of its organization.

A HOLD UP GAME EXPOSED.

Before you pay charges on an express package again, it might be a good idea to make sure the charges have not been paid at the other end.

The extent to which the express companies have been robbing the people by collecting charges at both ends of a shipment, as revealed before the Interstate Commerce commission, is amazing and outrageous.

In the case one company alone it was shown that it made 3,000 overcharges in one day and collected in one year \$67,000 as overcharges!

And in addition to the cases of overcharging which have come to the attention of the commission, it is believed that thousands of shipments are paid for at both ends of which the commission never hears, owing to the fact that the victims do not know they are being fleeced.

An officer of the company above referred to admitted that the system employed to identify prepaid packages was faulty, but had no particular apology to make.

Demand for transportation charges on prepaid shipments must cease declared Commissioner Lane, who was plainly provoked. "The complaint of this practiced by express companies is universal."

It came at last. Rockcastle was kicked into the Eleventh and that is all there is to it. We are there and there is no use to cry over "spilt milk". We did not want to go and it is very doubtful whether we will ever become very well satisfied in our new location, but we shall try to make the best of it. We have one consolation and that is whenever we meet an Eleventh district democrat, we know he is true blue, a democrat from principle and that his vote is not for sale. That is more than can be said of some scoundrels who call themselves law makers and took an active part in having Rockcastle put out.

NAT B. SEWELL, of London, is a candidate for delegate from the Eleventh district to the National convention which meets in Baltimore to nominate a candidate for president. Mr. Sewell is one of the good democrats of the Eleventh; was for some time editor of the London Democrat, and a hard worker for the cause of Democracy in the "Bloody Eleventh". No more creditable representative could be chosen than Mr. Sewell.

There is not much difference between being in the Eleventh and occupying the position Rockcastle occupied in the Eighth. The majority was too much the wrong way to get much recognition. But where the bitter pill comes is to try to stomach Caleb Powers. That is the worst dose of it all.

June 26-27 has been selected as the time of meeting of the next annual session of the Kentucky Educational Association because there are no other school events in the State which will conflict. The rural schools, the city schools, and the colleges will have closed their session before that time and there is no reason why any teacher in Kentucky may not attend.

It may be truly said that no organization has been more effective in the creation of ideas and the formation of policies that have in turn promoted the efficiency of the schools of the State than the Kentucky Educational Association. The first meeting of the Association was held forty years ago and it has had much to do with the betterment of the school system of the State from that day to this, and today it is the most potent factor in the educational life of the State. The Louisville meeting of this Association which will be held on June 25-27 promises to eclipse all former meetings in points of attendance, organization, thought, and action.

If there is a teacher who has not been attending the annual meetings of the Kentucky Educational Association, now is a good time to begin. Louisville is the place and 25-27 is the time of the next meeting. The addresses and discussion will interest and benefit you. The subjects for discussion are important and the speakers are qualified to speak with authority. The acquaintances you will make or renew will be not only a pleasure but a distinct professional asset. The social features of the meeting will make you a better, because a happier teacher, all next year. A splendid program has been arranged and a host of enthusiastic and friendly teachers will be there.

The last meeting of the State Teachers' Association of Oklahoma saw 6,000 teachers in attendance. The largest session of the State Association in Kentucky did not have more than 800 teachers. The meeting in Louisville on June 25 is expected to be a record breaker.

and the officers of the Association are confident that 2,500 teachers will be present on this occasion.

Every teacher who attends the Kentucky Educational Association at Louisville on June 25, 26 and 27, 1912, will have an opportunity to inspect the Louisville school system, which includes 7 high schools, 57 public schools, 9 public night schools, 33 public kindergartens, 15 medical, law, business, dental and theological colleges, two military institutes, a dozen preparatory schools, and an excellent system of parochial schools.

What is known as the \$1 a day pension bill was introduced by General Sherwood, of Ohio, in the lower house of Congress and was passed by Republicans and Democrats. The bill then went to the Senate committee where it had been pending until a few days ago.

Press reports all along have indicated that Taft was opposed to the bill and would veto it if passed by the Senate, but rather than be placed in such a bad attitude before the soldiers of the country, he planned to have the bill killed in the committee. As members of

this Committee are found the names of Senator Bradley and the Missouri Senator, Reed Smoot, from Utah. These two gentlemen were prompt to carry out the wishes of Mr. Taft and used their influence against the bill. As an excuse for their action, they claim this country is not financially able to pay the old soldier \$1 per day, yet at the same time, these same patriotic lawmakers were careful to say nothing against the action of Congress in increasing the pay of Congressman and Senators from \$5,000 to \$7,500 per year and the President's salary from \$50,000 to \$75,000 a year. In other words Bradley is perfectly willing to take out of the Treasury more than \$20 per day for his services and Taft more than \$200 per day for his, but say to the soldiers you wait for your \$1 a day pension until you are 75 years old when Bradley and Taft both know that nine-tenths of the soldiers will be dead before they reach that age.

DON'T ABUSE YOUR WATCH
YOU do not run your buggy, automobile or other machinery till it squeaks and grinds and cuts itself to pieces. You clean and oil it often.
You should be as careful of your watch. It is small and light and can not speak loud when it is dry and needs cleaning and oiling so it is liable to cut and wear and need attention before you know it. You may not know it till the watch is completely ruined and stops.
Bring your watch to us and let us examine it with our strong glass to see its condition accurately. We will show you and explain the exact condition.
Every watch should be thoroughly cleaned and re-oiled and adjusted once in each year. Take proper care of your watch and it will last you a lifetime.

PERSONAL

W. H. Fish was in Cincinnati during the week.

Logan R. Hughes was down from Stanford Sunday.

Cashier A. M. Hlatt, of the Citizens' Bank of Brodhead, was here yesterday.

Born to the wife of George Owens, of Mareburg, on the 12th, a fine boy.

Master Benjamin Mullins is very sick and it is feared he has pneumonia.

George Durham, of Brodhead, is visiting his brother, F. L. Durham, on Newcomb Ave.

Mrs. J. W. Brown is in Louisville for the week. Mr. Brown accompanied her for a day.

John French Jr. was over from Wildie Sunday the guest of the family of his uncle, J. Fish.

C. D. Sutton was in Cincinnati during the week buying goods for that splendid firm Sutton & McBee.

W. J. Sparks and family who have been at the Seelbach, Louisville, for the winter, will return to their home here to day.

Atty. E. R. Gentry and Rev. G. S. Watson were named as the trustees in the J. H. Dickerson bankruptcy proceedings.

David L. Bryant, the pioneer miller of this county, is able to be at his work again after suffering a few weeks with lagrippe.

Mr. and Mrs. Tyree Gentry have returned from a visit of six weeks to California and New Mexico. They saw several Rockcastle people on their visit.

I. P. Mayfield, prominent in M. W. of A. circle, was here from Somerset Thursday on business concerning that organization.

Mrs. R. B. Thompson and daughter, Mrs. Al. Homes, were with Mrs. Thompson's mother, Mrs. W. M. Pointer this week.

Judge John Menifee, of Stanford and Atty. William Lawwell, of Danville, were here Tuesday in the interest of a Roosevelt Club for Rockcastle.

We are in receipt of a letter from Mrs. Cleo Brown telling of her visit to the Sunflower state, which arrived too late for this week but will appear in our next issue.

Mrs. Annie Hendrickson has returned from a four weeks visit with friends at Pineville. She will leave Sunday for Cincinnati to purchase her Spring Millinery.

Mr. David Griffin, who is at the head of the mechanical department for the L. & N. at Jellico, was here for a few hours Wednesday morning on his way to Mareburg to see his father.

LOCAL

The Holy Rollers closed out at this place Monday night.

Two farms for sale. For further information apply to,

C. H. FRITH, Brodhead, Ky.

The year 1912, promises to be one of Mt. Vernon's, best years for building. A number of houses are being planned.

Garnett Kemper, special agent for the Fidelity Phenix Fire Insurance Co., was here yesterday to adjust the loss of R. A. Sparks.

Willie Green Harrison, who recently returned to his home in Mt. Vernon from the asylum, died Sunday morning. The deceased was sent to the asylum three or four months ago, but never showed any improvement and seeing that the end was near, the authorities of that institution notified his family, who requested that he be sent home to spend his last days.

F. L. Durham bought a fine cow from Bob Langford for \$45.

The finest Blue Serge Suits in town are ready for you to try on at Fish's.

See that new white buckskin, 14 button, ladies boot in Fish's window at \$3.50.

Judge Bethurum is having some considerable additions and improvements made to his office.

Paris Sowder has had two hung juries in his trial of violating the town ordinance by renting his pool tables to a club.

The Malt Mead joins had just as well tuck their tails and get out of business, not only in Mt. Vernon and Rockcastle county, but in every local option town and county in the state.

Mt. Vernon will offer special inducements to a good "shoe cobbler". A good workman can get all the work he can do. F. Krueger has a vacant room and says he will make it interesting for the right kind of a workman.

Regular services at the Baptist church Sunday Nov. 17 at both hours. Sunday school at 10:00 a. m. The public are cordially invited to attend all services. Strangers welcomed and made to feel at home.

T. C. DURE, pastor.

The heating plant at the Graded School is at last in operation but Spring is here or soon will be and the heat will not be needed. Many valuable hours work has been lost this winter on account of the inefficiency of the man who installed the plant.

Mt. Vernon simply has got to have a hotel, but who is going to build it? That is the question. Our town is too large for one small hotel to try to accommodate the people and the failure to supply one will cost Mt. Vernon more than any one thing that could possibly happen.

FARM FOR SALE—Containing 200 acres with a five-room house. About half of farm in cultivation the balance in timber. This land lays well and is well watered with branches and wells. A good stock farm adjoining the town of Brodhead. Will sell worth the money. Terms to suit purchaser.

MRS. LINDA BENTON Brodhead, Ky.

We understand that Mr. I. A. Bowman will sell out in Madison and return to Jackson county; his former home. Mr. Bowman already has the contract for furnishing the cross-ties for the new railroad which is to be built from Ida May to Livingston. We understand work has already begun on road in Jackson county. This will open one of the richest timber and mineral sections in the state.

From necessity we are again forced to request those who have articles for publication, to please hand them in early in the week. Don't wait until Thursday, that is the day for correspondence from Brodhead and Livingston which together with the regular local work is all we are able to handle on that day. In the future please hand in your contributions early and when so done, we are only too glad to have them, but our force can only do so much work and we do not feel inclined to ask them to work overtime every Thursday in order to do what could and should have been done earlier in the week. We would also request that correspondents, who do not contribute regularly, send in as early in the week as possible in order to make sure that the letter will get in the regular run.

Uncle Dick Johnson has recently heard good news from an old friend and comrad of the war of 61, who after the war drifted west and accumulated a fortune. Since the close of the war Uncle Dick had heard nothing and knew nothing of the whereabouts of his old comrad, until a few days ago a letter came asking about Uncle Dick, which stated the writer had amassed a handsome fortune and if Mr. Johnson needed any of it, means he should have it. The best information obtainable is that Uncle Dick will soon get something like \$10,000 as a remembrance of by gone days, which will come in good time as the hand of misfortune and bad health has weighed heavily upon Mr. Johnson who has hardly been able to leave his room for three or four years.

At Mt. Vernon, is a splendid location for a harness and saddle maker.

The W. J. Sparks Co. have placed an order for a crusher for grinding stone for fertilizing purposes and the plant will be installed at one of the three quarries in the county. We trust that the Mt. Vernon quarry will get this addition, for it is an industry that will grow and in a short time will be of such a capacity that several men will be required to handle that part of the business. It seems to us that it would be good policy and good business on the part of the business men to prevail upon Mr. W. J. Sparks, the president of the company, to install that plant at the Mt. Vernon quarry. It will be only a small part of the business to start with, but only a few years will have passed when it will be one of the biggest ends of the W. J. Sparks Co.'s business. As a fertilizer the ground lime stone has no equal for restoring worn out lands and reviving the less productive. The cost will be much less than the commercial fertilizers and the results better. Let us use our efforts to get this business located at Mt. Vernon. We need it and we want it.

BROWN MEMORIAL SCHOOL

Miss Moore, principal of the Presbyterian school, at Harlan, spent the week-ends at Langdon Dormitory.

Vesta Cornett has returned to school after a brief absence on account of illness.

Chapel exercises have had several special features during the past week. On Thursday the members of the primary class read the two-act play, Mary's Lamb, Dorothy Albright acting as teacher of the school, Elizabeth Furnish as Mary, and Frank Richards as the lamb. Jack Crawford and Bernard Franklin carried out their parts as members of the school. On Monday morning special music was rendered by the Senior chorus the Junior chorus, and the Girl's Glee Club. Tuesday, Miss Mattie Huff sang a solo.

In a contest among the first year Bible students on Monday morning, Virginia Crawford stood the longest.

The High-school cooking class is to give a luncheon Friday noon.

HANSFORD.

Why Women Are Not Rich.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proved that the normal man has five million—the woman only four and a half million in a cubic millimeter of blood.

A decrease in number of red blood corpuscles and a person "looks pale." In fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, quack root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine has been called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood, the person loses those irritable feelings, sleep, as well as a fit and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. JAS. D. LIVERY, of Washington, Tenn., Box 2, Box 21. "All my friends thought I would die and the doctor told me I had a chronic case. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further will due to our people to take Dr. Pierce's medicine before their diseases have run so long that there is no chance to be cured."

INTERESTING FACTS REGARDING LABORATORY OF THE CHAMBERLAIN MEDICINE CO., DES MOINES, IOWA.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where this medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe, South America and the United States supply the various ingredients of this remedy and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Company at Des Moines, Iowa. Their printing department, which is usually overlooked in calculating the expense of a business of this kind, ranks as one of the best in the State, and is thoroughly equipped with automatic presses and folders of the latest improvement type. Here enough print paper is used to one year of spread over ten farms of 160 acres each, upon which is printed advertising matter, directions and labels in twenty-eight different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight room house on each of these ten farms every three months. The bottles used by this firm every year, which are filled by machinery at the rate of 2,000 per hour, if placed end to end would reach across the United States seven times or almost encircle the globe.

There is need just at this time for an organized movement along all educational lines. Many reforms have been attempted, some of which are yet incomplete and others are to be inaugurated. The logical duty of the Kentucky Educational Association is to be the organized leader in promoting these reforms, and in projecting such new ones as the State may need. Whether you live in the Blue Grass, Purchase, Pennyrite or Mountain District, you are equally interested, with all such teachers, in the educational weal of our State, and it is the patriotic duty of every such person to lend his hand to the work of the Association, and, it in the bounds of possibility to attend. The next session of the Association will be held at Louisville on June 25-27 and it will no doubt be the largest and most enthusiastic session ever held in the State.

The Louisville meeting of the Kentucky Educational Association will mark a new epoch in the history of education in this State. Never before has there been so many speakers of National fame on the program. It will be a great meeting of educators and will be of untold value to the cause of education in Kentucky. Every city and county superintendent and every teacher should attend this meeting.

GLORIOUS NEWS

comes from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It estimates liver, kidneys and bowels, expels poisons helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Chas. C. Davis.

KINGS MOUNTAINS.

Being an old correspondent I would like to add a few lines to the much beloved SIGNAL from this neck of the woods. We are always anxious for the SIGNAL and would enjoy reading letters from every part of the county.—There is lots of sickness in this locality principally lagrippe and pneumonia.—The school at this place is progressing nicely with good attendance.—Miss Fannie Hatfield, the well known teacher who has taught in your county also, left a few days ago for Washington where she will be married and will make that place her future home.

Prof. Albert Long was called to Eubanks on account of the death of his brother, who was a victim of pneumonia.—Mr. Cowell, the father of Dr. Cowell, of Wanesburg and a highly honored citizen died Saturday and was buried by the masons of which order he was a member.—Dr. Laswell and wife visited Mr. and Mrs. E. G. Gilliland, Sunday.—Robert, the little son of Mr. and Mrs. John McKee, is very sick at this writing.—Mrs. Effie Ballard and little son, Rosco, are spending a few weeks with her brother, Dr. Laswell.—Mr. R. Floyd, who has cancer of the eye, is very sick.—Master Orville Preston, the eight year old son of Dr. and Mrs. W. D. Laswell, celebrated his eighth birthday Thursday Feb. 29th. He was very much surprised when a number of his schoolmates, also his teacher, Miss Lydia McKee, arrived, at about 6:30 o'clock bringing many valuable presents, a very pleasant evening was spent there being 35 present. The crowd was treated on apples when at 9 o'clock they took their departure.—Much success to the SIGNAL and its many readers is the wish of a reader.

REPELS ATTACK OF DEATH
"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery.—It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat troubles now. Take the cure that's safest. Price 50 cents and \$1.00 Trial bottle free at Chas. C. Davis.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women.

Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.
